Re: Unethical Conduct Complaint: Yellon v. Scott  
Case No. 12-PT-UC-32

Dear Member Scott:

The above matter was placed before the Board of Directors during Executive Session conducted February 2, 2013. Conducting the meeting was First Vice President Bob Musser. President Yellon was recused and not present. Director Ruth Reynolds was not present. In addition to your written request for reconsideration of the Board's Decision to Revoke your membership, you appeared and presented your request orally.

Based upon the record, your written request for reconsideration and your oral presentation, including your stated position that if reinstated, you would continue to engage in the actions for which your membership was revoked, the Board affirmed its previous Decision.

FOR THE BOARD,

  
Paul K. Tamaroff, Grievance Chair
