

New Business, continued

- **Platform on E-Service** – Gary Crowe brought up the issue of NAPPS having an e-service platform. A lengthy discussion ensued regarding technology and e-service. Gary believes the association should have a platform as a benefit to the members. There was a consensus without opposition that NAPPS should pursue this through the E-Technology Committee. There was also a consensus that the Committee should send representatives to the Quebec meeting to see a demonstration of their system and see if it is a platform we can model or use.
- Gary Crowe read a letter from Paul Tamaroff. Mr. Tamaroff is resigning his membership. Discussion ensued. Mike Compton would like to see this Board write Paul Tamaroff a letter to reconsider his resignation of membership.

- **JLL Process Serving Standards Summit.** Andy Estin believes this Board should discuss our position. He said we have set some of the standards of service and have been in front of the FTC twice on standards of process serving. Gary Crowe thinks the Board made the correct decision in not responding or commenting on the summit.
- Fred Blum wants to revisit the Paul Tamaroff resignation and thinks this Board did a disservice by not seconding Steve Glenn's motion. Discussion ensued.

It is obvious the board relented to Mr Blum authority as Mr Tamaroff was allowed to remain and subsequently appointed to the AG chair position
